

## **Amendment of the cancellation policy**

Considering the psychological circumstances which Korean registrants might have, we have changed the cancellation policy and related rules for ICMDT 2011 as follows:

- **For the registrant who will cancel the registration before April 14, 2011 inclusive:**

The manuscript will be withdrawn (deleted) from ICMDT 2011 Proceedings, and the total amount minus bank handling charge will be refunded.

**NOTE:** Cancellation has to be notified prior to April 14, 2011 inclusive by e-mail with Registration ID to [nagoya.higashi@mwt.co.jp](mailto:nagoya.higashi@mwt.co.jp) and [usami@meijo-u.ac.jp](mailto:usami@meijo-u.ac.jp).

- **For the registrant who will cancel the registration after April 14, 2011 to April 24, 2011**

The manuscript will be published in ICMDT 2011 Proceedings, and 50 % of the total amount minus bank handling charge will be refunded. In this case, the Proceedings will be sent to the former registrant, and he or she retains the right to submit the full paper for the possible publication in the Journal of Advanced Manufacturing, Machine Design, and Tribology, special issues on ICMDT 2011 which will be published on January, 2012 without any additional charge. The details will be announced on our Website.

Please note that the circumstances have not become worse at all since March 28, 2011 when we made our decision to hold the Conference on schedule, and there is still no reason to call off the Conference.

Masaya HAGIWARA  
ICMDT 2011 Conference Chair
