March 14, 2011

Dear Mr. Fukuzawa,

I was deeply shocked and concerned to learn of the earthquake in your country since March 11, resulting in heavy losses of life and property. On behalf of the Chinese Mechanical Engineering Society, I would like to offer my deep sympathy to the victims of the disasters, and the sincere hope that the people in the afflicted areas can overcome difficulties and rebuild their hometown in the shortest possible time.

I hope that our two societies will maintain successful relationships and look forward to further collaboration.

With best wishes,

Zhang Yanmin  
General Secretary  
Chinese Mechanical Engineering Society
