

# LEM21 Factory Tour

LEM21 factory tour committee

Dr. Toru Eguchi

Dear Sir/Madam,

We are pleased to announce Factory Tour of LEM21, which will be held after the conference. The tour highlights are two major companies in Hiroshima Prefecture.

(1) Date: Nov. 17, 2017 8:20-15:00

(2) Factories:

- a) **Mazda Motor Corporation:** The company is famous for manufacture and sales of passenger cars and commercial vehicles devices. <http://www.mazda.com/>
- b) **IHI Corporation:** The company manufactures various products such as boilers, bridges, logistics systems, transportation machinery, industrial machinery, and so on. <http://www.ihico.jp/en/>

After the Factory Tour, we are going to visit the Kure Maritime Museum (also known as the **Yamato Museum**, <http://yamato-museum.com/eng/>), which presents the history of Kure, its culture and industries, primarily shipbuilding and steelmaking. As the centerpiece of this museum, the one-tenth scale model of the battleship Yamato is being exhibited. Moreover, we can also visit **JMSDA Kure Museum** (<https://www.jmsdf-kure-museum.go.jp/en/>) which offers visitors opportunities to ride in the real submarine and to see, feel its interior.
