

1st Call for Papers

2022 International Symposium on Flexible Automation (ISFA2022)

- **Organizer:**
 - ISCIE (The Institute of Systems, Control and Information Engineers)
- **Co-organizer:**
 - ASME (The American Society of Mechanical Engineers)
- **Schedule:**
 - Welcome Reception: July 3, 2022 Technical Sessions: July 4 – 6, 2022
 - Technical Tour: July 7, 2022
- **Venue:**
 - Hiyoshi Campus, Keio University, Yokohama, Japan
- **Organized Sessions:**
 - Additive Manufacturing Sensing and Control
 - Cutting and Machine Tools
 - Digital Design and Manufacturing
 - Flexible Automation in Manufacturing Systems
 - Industrial Robotics
 - Manufacturing Controls and Machine Automation
 - Mechatronics and Precision Manufacturing
 - Metrology for Manufacturing
 - Nanomanufacturing and Nanoinformatics
 - Precision Manufacturing
 - Sensing and Information Extraction
 - Smart/Sustainable Manufacturing
 - Other topics
- **Advisory Committee Chairs:**
 - Chair (JPN) Tohru Watanabe (Ritsumeikan University)
 - Co-chair (US) Masayoshi Tomizuka (UC Berkeley)
- **Organizing Committee:**
 - Chair (JPN) Hideki Aoyama (Keio University)
 - Co-chair (US) Jiong Tang (University of Connecticut)
- **Executive Committee:**
 - Chair (JPN) Takashi Matsumura (Tokyo Denki University)
 - Co-chair (JPN) Yasuhiro Kakinuma (Keio University)
 - Secretary (JPN) Ryo Koike (Keio University)
- **Program Committee:**
 - Chair (JPN) Soichi Ibaraki (Hiroshima University)
 - Co-chair (US) Xu Chen (University of Washington)
 - Secretary (JPN) Hisayoshi Muramatsu
(Hiroshima University)

- **Important date**

- **Abstract Submission January 10, 2022**
- **Full Paper Submission February 28, 2022**
- **Camera Ready Manuscript April 30, 2022**

- **What paper types will be required for the conference:**

Submission of both long and short technical papers will be welcomed. A long paper is from 6 to 8 proceedings pages, and a short paper is 4-pages long. No Abstracts required. Only long papers are eligible for awards.
